REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "By this mean, we are appealing this claim because of timely filing limit. We originally billed 99245 as a new consultation code, however, 99245 was denied as a not covered CPT code because Metropolitan Transit Authority follows Medicare guidelines. Then, we changed the 99245 to 99205. This was sent electronically. By the time we received the denial we set it back immediately, electronically. The Metropolitan did not receive it on a time and therefore denied us on 09/16/2013 as timely filing limit. Also, we were dealing this claim through the adjuster at that time. Anything that was needed was forwarded over to the adjuster, Ms. Carole Doughman. We also wanted to contact her as we wanted to discuss with her that we had done our part and so for but when we tried to contract her we were told that she no longer handles the claim. Well, the point being is we have done our work, we have filed on time from the beginning, we have provided the services your client needed and we expect payment for our services."

Amount in Dispute: \$700.00

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "The EOBs raise the issue of timely filing. Under Sec. 408.027(a), health care providers (HCPs) have 95 days from the date of service to submit a medical bill to the insurance carrier. This time frame applies to medical services provided on and after September 1, 2005. HCPs who fail to meet this deadline forfeit their right to reimbursement."

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for health care providers to pursue a medical fee dispute.
2. 28 Texas Administrative Code §133.20 sets out the procedures for health care providers to submit workers'

compensation medical bills for reimbursement.

3. 28 Texas Administrative Code §102.4 sets out the rules for non-Commission communications.
4. Texas Labor Code §408.027 sets out the rules for timely submission of a claim by a health care provider.
5. Texas Labor Code §408.0272 sets out the rules for certain exceptions for untimely submission of a claim by a health care provider.
6. The services in dispute were reduced/denied by the respondent with the following reason codes:
 - 29 – The time limit for filing has expired.
 - 29 – When billing codes, date(s) of service, modifier, or line item dollar amounts are changed from the original bill, it is considered a new bill. This bill has changed CPT code and line item dollar amount; therefore, it is considered a new bill which is now untimely.
 - 193 – Original payment decision is being maintained. This claim was processed properly.
 - B13 – Previously paid. Payment for this claim/svc may have been provided in a prev payment.

Issues

1. Is the timely filing deadline applicable to the medical bills for the services in dispute?
2. Did the requestor forfeit the right to reimbursement for the services in dispute?

Findings

1. 28 Texas Administrative Code §133.20(b) states, in pertinent part, that, except as provided in Texas Labor Code §408.0272, “a health care provider shall not submit a medical bill later than the 95th day after the date the services are provided. In accordance with subsection (c) of the statute, the health care provider shall submit the medical bill to the correct workers' compensation insurance carrier not later than the 95th day after the date the health care provider is notified of the health care provider's erroneous submission of the medical bill. A health care provider who submits a medical bill to the correct workers' compensation insurance carrier shall include a copy of the original medical bill submitted, a copy of the explanation of benefits (EOB) if available, and sufficient documentation to support why one or more of the exceptions for untimely submission of a medical bill under §408.0272 should be applied...” Review of the documentation submitted by the requestor finds no convincing documentation to support that any of the exceptions described in Texas Labor Code §408.0272 apply to the services in this dispute. For that reason, the requestor in this dispute was required to submit the medical bill not later than 95 days after the date the disputed services were provided.
2. Texas Labor Code §408.027(a) states, in pertinent part, that “Failure by the health care provider to timely submit a claim for payment constitutes a forfeiture of the provider's right to reimbursement for that claim for payment.” 28 Texas Administrative Code §102.4(h) states that “Unless the great weight of evidence indicates otherwise, written communications shall be deemed to have been sent on: (1) the date received, if sent by fax, personal delivery, or electronic transmission or, (2) the date postmarked if sent by mail via United States Postal Service regular mail, or, if the postmark date is unavailable, the later of the signature date on the written communication or the date it was received minus five days. If the date received minus five days is a Sunday or legal holiday, the date deemed sent shall be the next previous day which is not a Sunday or legal holiday.” Review of the submitted information finds no documentation to support that a medical bill was submitted within 95 days from the date the services were provided. Therefore, pursuant to Texas Labor Code §408.027(a), the requestor in this medical fee dispute has forfeited the right to reimbursement due to untimely submission of the medical bill for the services in dispute.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
